

***March 2011 Luncheon/Meeting  
Woodland Plantation***

Plaquemines Parish President William Nungesser gave his annual State of the Parish address at the March meeting. A few of the key points addressed were: FEMA and flood insurance, the Government and efficiency, Myrtle Grove Homeowners Association levee concerns, new ferry system, Belle Chasse tunnel renovations, completion date of the Empire drawbridge and Belle Chasse drawbridge upgrades as well as upcoming community events. President Nungesser's message was his desire for the Parish to have its own plan concerning the coast and continue to look out for Plaquemines' interests.
