

## **September 22 PABI Luncheon/Meeting Woodland Plantation**

**Mr. Richard Bertel, Chairman and CEO of Rio Grand Pacific Railroad (Ft. Worth, TX)** was the keynote speaker. He addressed plans to relocate the railroad tracks from Gretna to Belle Chasse away from LA Hwy 23. This is a high priority of PABI in conjunction with the Peters Rd./Walker Rd. bypass. The current plans call for the realignment to parallel Peters Rd and cross the ICWW/Algiers Canal at the same location as the Bypass road and intersect Hwy 23 at Walker Rd.
